HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1 Department	CSR	10- Agency, Division	1. General area regulated	010 Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

as a result of the September 11, 2001, terrorist attacks. The program will be funded fully from donations received and will fund family assistance grants to families of eligible National Guard and reserve personnel on a quality of life and medical needs basis. Due to the large number of Missouri National Guard and reserve members serving on active duty and the difference in military pay versus civilian pay, many families are hard pressed to meet family living and medical expenses during the military active duty period thus making the earliest program start-up date critical. Implementation of an emergency rule will ensure that the Missouri Military Family Relief Fund is distributed in the most timely and efficient manner and that Missouri understands the unique needs of military families while their loved ones are providing patriotic service to our state and nation. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The adjutant general believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed November 2, 2005, effective November 12, 2005, expires May 10, 2006.

It provides the adjutant general with the power to make grants from the fund to members and families of the Missouri National Guard members or to reserve component members and families who are Missouri residents and were called to active military service as a result of the September 11, 2001, terrorist attacks.

EMERGENCY STATEMENT: This emergency rule is necessary because of the compelling governmental interest to prescribe the guidelines to administer the Missouri Military Family Relief Fund. This fund was created in section 41.216, RSMo as passed in HB 437 (1st Regular Session, 93rd General Assembly, 2005) which provides financial assistance grants to members and families of the Missouri's National Guard and Missouri residents who are members of the reserve forces of the United States and have been called to active duty

(C) The Missouri National Guard or reserve component member was on active military duty for at least thirty (30) consecutive days as a result of the September 11, 2001 terrorist attacks. Proof of active duty will consist of a copy of the orders issued by an authorized headquarters ordering the member to such duty, and documentation showing that such duty was actually performed. Eligible active duty includes any active duty since September 11, 2001;

(D) The Missouri National Guard or reserve component member has been off Title 10 or Title 32 orders in support of the Global War on Terrorism for less than one hundred twenty (120) days if applying for a grant after release from active duty;

(E) A copy of a payroll record from the member's civilian employer that indicates member's monthly salary plus a copy of a military leave and earnings statement (LES) that indicates the member's monthly salary;

(F) Proof that the member or family member has incurred or is about to incur a specific monetary expense relating to clothing, food, housing, utilities, medical services, medical prescriptions, insurance or vehicle payments. Such proof shall include, but is not limited to a copy of a bill, invoice, estimate, cancellation notice, or any other similar record;

(G) A signed statement that the grant request is for the purpose identified in the application and that the grant funds will be used for the purposes requested;

(H) The Missouri National Guard or reserve component member holds a pay grade no higher than O-3, if a commissioned officer, or W-2, if a warrant officer. Individuals or families will be eligible for the grant based upon rank at the time of the mobilization. Proof of pay grades will consist of information obtained from DEERS;

(I) If a custodial parent or guardian is applying for a grant on behalf of a member's dependent, then the custodial parent or guardian must provide proof of guardianship of a member's dependent currently enrolled in DEERS;

(J) The adjutant general is authorized to waive the requirements in subsection (2)(H) upon a written request indicating the circumstances justifying such a waiver, and upon proof that there has in fact been some decrease from the member's civilian salary. Such circumstances include, but are not limited to, death, injury or incapacity of the member, long-term deployment of the member and unexpected expenses incurred by the member's family. The adjutant general may use discretion in granting or denying such requests; and

(K) Upon recommendation of the Review Panel the adjutant general is authorized to waive the one hundred twenty (120)-day limitation in subsection (D) of this section. The Adjutant General may use discretion in granting or denying such requests.

(3) The following members are ineligible to receive QLMBG:

(A) All commissioned and warrant officers with pay grades of O-4 and W-3, or higher;

(C) Members who, at any time prior to the disbursement of funds pursuant to a grant application under this section, receive a punitive discharge or an administrative discharge with service characterized as Under Other Than Honorable Conditions.

(4) QLMBG Levels and Limits.

(A) Payments to a Missouri National Guard or reserve component service member or their family shall be determined in accordance with MMFRF Standard Operating Procedures (SOP).

(B) If a grant payment is to be used for the purpose of payments for food, housing, utilities, it shall be noted on the application and this information shall be sent to the State Fiscal Resources Office when a payment request is granted. These payments shall be identified as responsive to health and welfare issues.

(C) All grants will be paid directly to the applicant. Payments will not be made directly to creditors.

(5) Application and Documentation. The rules governing the acceptance of applications are as follows:

(A) To receive consideration for a grant, applicants must request and submit an application provided by the MMFRF coordinator.

(B) All necessary documentation, as stated in section (2), must be included with the application, unless otherwise provided under DEERS, and the applicant shall authorize access to DEERS for purposes of verification.

(C) Incomplete applications will be returned to the applicant.

(D) The MMFRF coordinator, upon receipt of a complete original application, will verify required information under DEERS and will then process the information for payment. The application shall be processed in an expeditious manner.

(6) Payments.

(A) Payment will be made to the applicant who has met all eligibility requirements under section (2).

(B) The timeliness of payment will be determined by the amount of funds available at the time of application.

(C) If adequate funds are not available, the application will be held in a queue until funds are available.

(7) Denials.

(A) Grant applications from those not meeting eligibility requirements will be denied.

(B) A letter explaining the denial, as well as providing additional sources of available relief, will be sent to the applicant by the MMFRF coordinator within thirty (30) days after receipt.

(8) Appeals.

(A) Applicants may appeal decisions in writing within thirty (30) days of denial letter by stating the bases for the reconsideration. Send all appeals to the MMFRF coordinator.

(B) Upon the recommendation of the review panel the adjutant general is the final appeal authority.

(9) Reporting Requirements.

(A) As outlined in the MMFRF SOP.

AUTHORITY: sections 41.216 and 41.218, RSMo as passed in HB 437 (1st regular session, 93rd General Assembly 2005). Emergency rule filed Nov. 2, 2005, effective Nov. 12, 2005, expires May 10, 2006. A proposed rule covering this same material is published in this issue of the Missouri Register.

Title 12—DEPARTMENT OF REVENUE

Division 10—Director of Revenue

Chapter 41—General Tax Provisions

EMERGENCY AMENDMENT

12 CSR 10-41.010 Annual Adjusted Rate of Interest. The department proposes to amend section (1).

PURPOSE: Under the Annual Adjusted Rate of Interest (section 32.065, RSMo), this amendment establishes the 2006 annual adjusted rate of interest to be implemented and applied on taxes remaining unpaid during calendar year 2006.

EMERGENCY STATEMENT: *The director of revenue is mandated to establish not later than October 22 annual adjusted rate of interest based upon the adjusted prime rate charged by banks during September of that year as set by the Board of Governors of the Federal Reserve rounded to the nearest full percent. This emergency amendment is necessary to ensure public awareness and to preserve a compelling governmental interest requiring an early effective date in that the amendment informs the public of the established rate of interest to be paid on unpaid amounts of taxes for the 2006 calendar year. The director has followed procedures calculated to assure fairness to all interested persons and parties and has complied with protections extended by the Missouri and United States Constitutions. Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbol. Under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

(Bracketed text indicates matter being deleted.)

Title 16—RETIREMENT SYSTEMS
Division 50—The County Employees' Retirement Fund
Chapter 2—Membership and Benefits

PROPOSED AMENDMENT

16 CSR 50-2.035 Payment of Benefits. The board is amending section (5).

PURPOSE: This amendment amends required minimum distributions under the plan.

(5) 401(a)(9) Requirements. [*All distributions required under the County Employees' Retirement Fund shall be determined and made in accordance with the Prop. Reg. under Code section 401(a)(9) including the minimum distribution incidental benefit requirement of Prop. Reg. section 1.401(a)(9)-2. The entire interest of a participant must be distributed or begin to be distributed no later than the participant's required beginning date as defined in section 50.1000(12), RSMO. Except as amended by the foregoing, the terms and provisions of the County Employees' Retirement Fund as enacted by the General Assembly of the State of Missouri effective as of August 28, 1994 and amended effective as of January 1, 2000 shall remain in full force and effect.*] Notwithstanding anything to the contrary contained in the plan, the entire interest of a participant will be distributed in accordance with U.S. Code section 401(a)(9) and the regulations thereunder beginning no later than the participant's required beginning date. The provisions of this section will apply for purposes of determining required minimum distributions for calendar years beginning with the 2003 calendar year.

(A) If the participant dies before distributions begin, the participant's entire interest will be distributed, or begin to be distributed, no later than as follows:

1. If the participant's surviving spouse is the participant's sole designated beneficiary, distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the participant died, or by December 31 of the calendar year in which the participant would have attained age seventy and one-half (70 1/2), if later;

2. If the participant's surviving spouse is not the participant's sole designated beneficiary, distributions to the designated beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the participant died;

3. If there is no designated beneficiary as of September 30 of the year following the year of the participant's death, the participant's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the participant's death;

4. If the participant's surviving spouse is the participant's sole designated beneficiary and the surviving spouse dies after the participant but before distributions to the surviving spouse begin, this subsection (5)(A), other than paragraph (5)(A)1., will apply as if the surviving spouse were the participant.

For purposes of this subsection and subsection (E), unless paragraph (5)(A)4. applies, distributions are considered to begin on the participant's required beginning date. If paragraph (5)(A)4. applies, distributions are considered to begin on the date distributions are required to begin to the surviving spouse under paragraph (5)(A)1. If annuity payments irrevocably commence to the participant before the participant's required beginning date (or to the participant's surviving spouse before the date distributions are required to begin to the surviving spouse under paragraph (5)(A)1., the date distributions are considered to begin is the date distributions actually commence.

(B) Unless the participant's interest is distributed in the form of an annuity purchased from an insurance company or in a single sum on or before the required beginning date, as of the first distribution calendar year distributions will be made in accordance with subsections (5)(C), (D) and (E). If the participant's interest is distributed in the form of an annuity purchased from an insurance company, distributions thereunder will be made in accordance with the requirements of Code Section 401(a)(9) and the Treasury regulations. Any part of the participant's interest which is in the form of an individual account described in Code Section 414(k) will be distributed in a manner satisfying the requirements of Code Section 401(a)(9) and the Treasury regulations that apply to individual accounts.

(C) If the participant's interest is paid in the form of annuity distributions under the plan, payments under the annuity will satisfy the following requirements:

1. The annuity distributions will be paid in periodic payments made at intervals not longer than one (1) year;

2. The distribution period will be over a life (or lives) or over a period certain not longer than the period described in subsections (5)(D) and (E);

3. Once payments have begun over a period certain, the period certain will not be changed even if the period certain is shorter than the maximum permitted;

4. Payments will either be nonincreasing or increase only i) by an annual percentage increase that does not exceed the annual percentage increase in a cost-of-living index that is based on prices of all items and issued by the Bureau of Labor Statistics; ii) to the extent of the reduction in the amount of the participant's payments to provide for a survivor benefit upon death, but only if the beneficiary whose life was being used to determine the distribution period described in subsection (5)(D) dies or is no longer the participant's beneficiary pursuant to a qualified domestic relations order within the meaning of section 414(p); iii) to provide cash refunds of employee contributions upon the participant's death; or iv) to pay increased benefits that result from a plan amendment; and

5. The amount that must be distributed on or before the participant's required beginning date (or, if the participant dies before distributions begin, the date distributions are required to begin under subsection (5)(A)) is the payment that is required for one (1) payment interval. The second payment need not be made until the end of the next payment interval even if that payment interval ends in the next calendar year. Payment intervals are the periods for which payments are received, e.g., bi-monthly, monthly, semi-annually, or annually. All of the participant's benefit accruals as of the last day of the first distribution calendar year will be included in the calculation of the amount of the annuity payments for payment intervals ending on or after the participant's required beginning date. Any additional benefits accruing to the participant in a calendar year after the first distribution calendar year will be distributed beginning with the first payment interval ending in the calendar year immediately following the calendar year in which such amount accrues.

(D) If the participant's interest is being distributed in the form of a joint and survivor annuity for the joint lives of the participant and a nonspouse beneficiary, annuity payments to be made

on or after the participant's required beginning date to the designated beneficiary after the participant's death must not at any time exceed the applicable percentage of the annuity payment for such period that would have been payable to the participant using the table set forth in Q&A-2 of section 1.401(a)(9)-6 of the Treasury regulations. If the form of distribution combines a joint and survivor annuity for the joint lives of the participant and a nonspouse beneficiary and a period certain annuity, the requirement in the preceding sentence will apply to annuity payments to be made to the designated beneficiary after the expiration of the period certain. Unless the participant's spouse is the sole designated beneficiary and the form of distribution is a period certain and no life annuity, the period certain for an annuity distribution commencing during the participant's lifetime may not exceed the applicable distribution period for the participant under the Uniform Lifetime Table set forth in section 1.401(a)(9)-9 of the Treasury regulations for the calendar year that contains the annuity starting date. If the annuity starting date precedes the year in which the participant reaches age seventy (70), the applicable distribution period for the participant is the distribution period for age seventy (70) under the Uniform Lifetime Table set forth in section 1.401(a)(9)-9 of the Treasury regulations plus the excess of seventy (70) over the age of the participant as of the participant's birthday in the year that contains the annuity starting date. If the participant's spouse is the participant's sole designated beneficiary and the form of distribution is a period certain and no life annuity, the period certain may not exceed the longer of the participant's applicable distribution period, as determined under this section, or the joint life and last survivor expectancy of the participant and the participant's spouse as determined under the Joint and Last Survivor Table set forth in section 1.401(a)(9)-9 of the Treasury regulations, using the participant's and spouse's attained ages as of the participant's and spouse's birthdays in the calendar year that contains the annuity starting date.

(E) If the participant dies before the date distribution of his or her interest begins and there is a designated beneficiary, the participant's entire interest will be distributed, beginning no later than the time described in subsection (5)(A) over the life of the designated beneficiary or over a period certain not exceeding:

1. Unless the annuity starting date is before the first distribution calendar year, the life expectancy of the designated beneficiary determined using the beneficiary's age as of the beneficiary's birthday in the calendar year immediately following the calendar year of the participant's death; or

2. If the annuity starting date is before the first distribution calendar year, the life expectancy of the designated beneficiary determined using the beneficiary's age as of the beneficiary's birthday in the calendar year that contains the annuity starting date.

If the participant dies before the date distributions begin and there is no designated beneficiary as of September 30 of the year following the year of the participant's death, distribution of the participant's entire interest will be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death. If the participant dies before the date distribution of his or her interest begins, the participant's surviving spouse is the participant's sole designated beneficiary, and the surviving spouse dies before distributions to the surviving spouse begin, this subsection will apply as if the surviving spouse were the participant, except that the time by which distributions must begin will be determined without regard to subsection (5)(A).

(F) The following definitions shall apply for purposes of this section:

1. Designated beneficiary shall mean the individual who is designated as the beneficiary under the terms of the plan and is the designated beneficiary under Code Section 401(a)(9) and section 1.401(a)(9)-1, Q&A-4 of the Treasury regulations.

2. A distribution calendar year is a calendar year for which a minimum distribution is required. For distributions beginning before the participant's death, the first distribution calendar year is the calendar year immediately preceding the calendar year which contains the participant's required beginning date. For distributions beginning after the participant's death, the first distribution calendar year is the calendar year in which distributions are required to begin pursuant to subsection (5)(A).

3. Life expectancy means an individual's life expectancy as computed by use of the Single Life Table in section 1.401(a)(9)-9 of the Treasury regulations.

PROPOSED AMENDMENT

16 CSR 50-2.040 Separation from Service Before Retirement.

The board is amending section (1).

PURPOSE: This amendment amends the refund of contributions under the plan.

(1) Upon separation from service, any participant with less than eight (8) vested years of service shall forfeit all rights under the plan, including the participant's creditable service as of the date of the participant's separation from service. This forfeiture shall be applied to reduce the board's obligation to contribute to the plan. Such a participant will receive a refund of any of his or her contributions upon the receipt by the board or its designee of a termination notice; provided, however, that if the amount of a participant's accumulated contributions is in excess of one thousand dollars (\$1,000), then any such refund of contributions may not be made prior to the earliest of the participant's death or normal retirement age (age sixty-two (62)) without the participant's written application to the board consenting to his or her accumulated contributions being distributed from the plan. Such refund shall be made to the participant in a single sum as soon as administratively feasible following receipt of the termination notice and, if applicable, the participant's written application requesting distribution, by the board (or its designee). In the event that a participant whose accumulated contributions exceed one thousand dollars (\$1,000) does not consent to the distribution of his or her accumulated contributions when first eligible to do so, or at any subsequent time prior to attaining his or her normal retirement age (age sixty-two (62)), his or her contributions shall be distributed to him or her as soon as administratively feasible following the first

day of the month after attaining his or her normal retirement age (age sixty-two (62)); or, if such participant is deceased, such contributions shall be distributed to his or her surviving spouse or, if none, then in equal shares to the participant's surviving children, or, if there are no surviving children, then to his or her estate, as soon as administratively feasible following the first day of the month after the receipt by the board or its designee of a notice of death from such participant's employer, or such other form of proof acceptable to the board. For purposes of this section, it shall not be administratively feasible for the board or its designee to disburse a refund until the board or its designee also receives proper verification and [reconciled] reconciles salaries, hours and contribution information obtained from the employer.

PURPOSE: This amendment clarifies the direct rollover option under the plan.

(4) For purposes of this regulation, the following terms have the meanings set forth below:

(A) An "eligible rollover distribution" is any distribution or withdrawal payable under the terms of this plan to a participant, which is

In general, this term includes any single-sum distribution, and any distribution which is one in a series of substantially equal periodic payments made over a period of less than ten (10) years, and is less than the distributee's life expectancy. However, an eligible rollover distribution does not include the portion of any distribution that constitutes a minimum required distribution under Code section 401(a)(9). Such term also does not include a distribution to the participant's beneficiary, unless the beneficiary is the participant's spouse. **A portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income.** However, such portion may be paid only to an individual retirement account or annuity described in section 408(a) or (b) of the Code, or to a qualified defined contribution plan described in section 401(a) or 403(a) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of the distribution which is includable in gross income and the portion of such distribution which is not so includable.

(B) "Eligible retirement plan" means:

1. An individual retirement account described in Code section 408(a);
2. An individual retirement annuity described in Code section 408(b);
3. An annuity plan described in Code section 403(a); */and/*
4. An annuity contract described in Code section 403(b);
5. An eligible plan under Code section 457(b) which is maintained by an eligible employer described in Code section 457(e)(1)(A); and

/4./6. A [retirement plan] qualified [under] trust described in Code section 401(a), but only if the terms of the plan permit the acceptance of rollover distributions.

[However, in the case of an eligible rollover distribution to a beneficiary who is a surviving spouse, an "eligible retirement plan" is an individual retirement account or an individual retirement annuity.] The definition of eligible retirement plan shall also apply in the case of a distribution to a surviving spouse.

The maximum dollar amount of the age fifty (50) catch-up Annual Deferrals for a year is as follows:

For the following years:	The maximum age 50 catch-up dollar amount is:

2006 or thereafter	\$5,000

Adjusted for cost-of-living after 2006 to the extent provided under the Code.

(C) Special Section 457 Catch-up Limitation. If the applicable year is one of a Participant's last three (3) calendar years ending before the year in which the Participant attains Normal Retirement Age and the amount determined under this subsection (3)(C) exceeds the amount computed under subsections (3)(A) and (3)(B), then the Annual Deferral limit under this section (3) shall be the lesser of:

1. An amount equal to two (2) times the subsection (3)(A) Applicable Dollar Amount for such year; or

2. The sum of:

A. An amount equal to (A) the aggregate subsection (3)(A) limit for the current year plus each prior calendar year beginning after December 31, 2001 during which the Participant was an Employee under the Plan, minus (B) the aggregate amount of Compensation that the Participant deferred under the Plan during such years, plus—

B. An amount equal to (A) the aggregate limit referred to in section 457(b)(2) of the Code for each prior calendar year beginning after December 31, 1978 and before January 1, 2002 during which the Participant was an Employee (determined without regard to subsections (3)(B) and (3)(C)), minus (B) the aggregate contributions to Pre-2002 Coordination Plans for such years.

However, in no event can the deferred amount be more than the Participant's Compensation for the year.

(D) Special Rules. For purposes of this section (3), the following additional rules shall apply:

1. Participant covered by more than one (1) eligible plan. If the Participant is or has been a participant in one (1) or more other eligible plans within the meaning of section 457(b) of the Code, then this Plan and all such other plans shall be considered as one plan for purposes of applying the foregoing limitations of this section (3). For this purpose, the Administrator shall take into account any other such eligible plan maintained by the Employer and shall also take into account any other such eligible plan for which the Administrator receives from the Participant sufficient information concerning his or her participation in such other plan;

2. Pre-participation years. In applying subsection (3)(C), a year shall be taken into account only if i) the Participant was eligible to participate in the Plan during all or a portion of the year and ii) Compensation deferred, if any, under the Plan during the year was subject to the Basic Annual Limitation described in subsection (3)(A) or any other plan ceiling required by section 457(b) of the Code;

3. Pre-2002 coordination years. For purposes of subparagraph (3)(C)2.B. (B), "contributions to Pre-2002 Coordination Plans" means any employer contribution, salary reduction or elective contribution under any other eligible Code section 457(b) plan, or a salary reduction or elective contribution under any Code section 401(k) qualified cash or deferred arrangement, Code section 402(h)(1)(B) simplified employee pension (SARSEP), Code section 403(b) annuity contract, and Code section 408(p) simple retirement account, or under any plan for which a deduction is allowed because

of a contribution to an organization described in section 501(c)(18) of the Code, including plans, arrangements or accounts maintained by the Employer or any employer for whom the Participant performed services. However, the contributions for any calendar year are only taken into account for purposes of subparagraph (3)(C)2.B. (B) to the extent that the total of such contributions does not exceed the aggregate limit referred to in section 457(b)(2) of the Code for that year;

4. Disregard excess deferral. For purposes of subsections (3)(A), (3)(B) and (3)(C), an individual is treated as not having deferred compensation under a plan for a prior taxable year to the extent Excess Deferrals under the plan are distributed, as described in subsection (3)(E). To the extent that the combined deferrals for pre-2002 years exceeded the maximum deferral limitations, the amount is treated as an Excess Deferral for those prior years.

(E) Correction of Excess Deferrals. If the Annual Deferral on behalf of a Participant for any calendar year exceeds the limitations described above, or the Annual Deferral on behalf of a Participant for any calendar year exceeds the limitations described above when combined with other amounts deferred by the Participant under another eligible deferred compensation plan under section 457(b) of the Code for which the Participant provides information that is accepted by the Administrator, then the Annual Deferral, to the extent in excess of the applicable limitation (adjusted for any income or loss in value, if any, allocable thereto), shall be distributed to the Participant.

(F) Protection of Persons Who Serve in a Uniformed Service. An employee whose employment is interrupted by qualified military service under Code section 414(u) or who is on a leave of absence for qualified military service under Code section 414(u) may elect to make additional Annual Deferrals upon resumption of employment with the Employer equal to the maximum Annual Deferrals that the Employee could have elected during that period if the Employee's employment with the Employer had continued (at the same level of Compensation) without the interruption or leave, reduced by the Annual Deferrals, if any, actually made for the Employee during the period of the interruption or leave. This right applies for five (5) years following the resumption of employment (or, if sooner, for a period equal to three (3) times the period of the interruption or leave).

(4) Benefit distributions shall be in accordance with the following:

(A) Benefit Distributions at Retirement or Other Severance from Employment. Upon retirement or other Severance from Employment (other than due to death), a Participant is entitled to receive a distribution of his or her Account Balance under any form of distribution permitted under subsection (4)(C) commencing at the date elected under subsection (4)(B). If a Participant does not elect otherwise, the distribution shall be paid as soon as practicable following Normal Retirement Age or, if later, following retirement or other Severance from Employment and payment shall be made in a lump sum.

(B) Election of Benefit Commencement Date. A Participant may elect to commence distribution of benefits at any time after retirement or other Severance from Employment by a notice filed at least thirty (30) days before the date on which benefits are to commence. However, in no event may distribution of benefits commence later than the date described in subsection (4)(H).

(C) Forms of Distribution. In an election to commence benefits under subsection (4)(B), a Participant entitled to a distribution of benefits under this section (4) may elect to receive payment in such forms of distribution described in the Plan, to the extent the material terms and conditions for those forms are set forth in the Plan and the additional forms of payment satisfy the requirements of section 401(a)(9) of the Code and are not inconsistent with this section (4).

(D) Death Benefit Distributions. Commencing no later than the calendar year following the calendar year of the Participant's death, the Participant's Account Balance shall be paid to the Beneficiary in a lump sum.

(E) Account Balances of Five Thousand Dollars (\$5,000) or Less. Notwithstanding subsections (4)(B), (4)(C) and (4)(D), if the amount of a Participant's Account Balance is not in excess of five thousand dollars (\$5,000) (or the dollar limit under section 411(a)(11) of the Code, if greater) on the date that payments commence under subsection (4)(C) or on the date of the Participant's death, then payment shall be made to the Participant (or to the Beneficiary if the Participant is deceased) in a lump sum equal to the Participant's Account Balance as soon as practicable following the Participant's retirement, death, or other Severance from Employment; provided, however, that if the amount of a Participant's Account Balance is in excess of one thousand dollars (\$1,000), then any such lump sum payment to the Participant may not be made prior to the Participant's Normal Retirement Age without the Participant's written consent.

(F) Amount of Account Balance. Except as provided in subsection (4)(C), the amount of any payment under this section (5) shall be based on the amount of the Account Balance on the preceding Valuation Date.

(G) Revocation of Prior Election. Any election made under this section (4) may be revoked at any time.

(H) Latest Distribution Date. In no event shall any distribution under this section (4) begin later than the later of:

1. April 1 of the year following the calendar year in which the Participant attains age seventy and one-half (70 1/2); or

2. April 1 of the year following the year in which the Participant retires or otherwise has a Severance from Employment. If distributions commence in the calendar year following the later of the calendar year in which the Participant attains age seventy and one-half (70 1/2) or the calendar year in which the Severance from Employment occurs, the distribution on the date that distribution commences must be equal to the annual installment payment for the year that the Participant has a Severance from Employment determined under subsection (4)(C) and an amount equal to the annual installment payment for the year after Severance from Employment determined under subsection (4)(C) must also be paid before the end of the calendar year of commencement.

(I) Unforeseeable Emergency Distribution.

1. Distribution. If the Participant has an unforeseeable emergency before retirement or other Severance from the Employment, the Participant may elect to receive a lump sum distribution equal to the amount requested or, if less, the maximum amount determined by the Administrator to be permitted to be distributed under this subsection (4)(I).

2. Unforeseeable emergency defined. An unforeseeable emergency is defined as a severe financial hardship of the Participant resulting from: an illness or accident of the Participant, the Participant's spouse, or the Participant's dependent (as defined in section 152(a)); loss of the Participant's property due to casualty (including the need to rebuild a home following damage to a home not otherwise covered by homeowner's insurance, e.g., as a result of a natural disaster); the need to pay for the funeral expenses of the Participant's spouse or dependent (as defined in section 152(a) of the Code); or other similar extraordinary circumstances arising as a result of events beyond the control of the Participant. For example, the imminent foreclosure of or eviction from the Participant's primary residence may constitute an unforeseeable emergency. In addition, the need to pay for medical expenses, including nonrefundable deductibles, as well as for the cost of prescription drug medication, may constitute an unforeseeable emergency. Except as otherwise specifically provided in this subsection (4)(I), neither the purchase of a home nor the payment of college tuition is an unforeseeable emergency.

3. Unforeseeable emergency distribution standard. A distribution on account of unforeseeable emergency may not be made to the extent that such emergency is or may be relieved through reimbursement or compensation from insurance or otherwise, by liquidation of the Participant's assets, to the extent the liquidation of such assets would not itself cause severe financial hardship, or by cessation of deferrals under the plan.

4. Distribution necessary to satisfy emergency need. Distributions because of an unforeseeable emergency may not exceed the amount reasonably necessary to satisfy the emergency need (which may include any amounts necessary to pay any federal, state, or local income taxes or penalties reasonably anticipated to result from the distribution).

(J) Distributions for Certain Account Balances of Five Thousand Dollars (\$5,000) or Less. At the direction of the Administrator, a Participant's total Account Balance shall be paid in a lump sum as soon as practical following the direction if—

1. The total Account Balance does not exceed five thousand dollars (\$5,000) (or the dollar limit under section 411(a)(11) of the Code, if greater);

2. The Participant has not previously received a distribution of the total amount payable to the Participant under this subsection (4)(J);

3. No Annual Deferral has been made with respect to the Participant during the two (2)-year period ending immediately before the date of the distribution; and

4. The Participant elects to receive the distribution.

(K) Rollover Distributions.

1. A Participant or the surviving spouse of a Participant who is entitled to an eligible rollover distribution may elect, at the time and in the manner prescribed by the Administrator, to have all or any portion of the distribution paid directly to an eligible retirement plan specified by the Participant in a direct rollover.

2. For purposes of this subsection (4)(K), an eligible rollover distribution means any distribution of all or any portion of a Participant's Account Balance, except that an eligible rollover distribution does not include—

A. Any installment payment under subsection (4)(C) for a period of ten (10) years or more;

B. Any distribution made under subsection (4)(I) as a result of an unforeseeable emergency; or

C. For any other distribution, the portion, if any, of the distribution that is a required minimum distribution under section 401(a)(9). In addition, an eligible retirement plan means an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, a qualified trust described in section 401(a) of the Code, an annuity plan described in section 403(a) or 403(b) of the Code, or an eligible governmental plan described in section 457(b) of the Code, that accepts the eligible rollover distribution.

(5) Rollovers to the Plan and transfers shall be in accordance with the following:

(A) Eligible Rollover Contributions to the Plan.

1. A Participant who is an Employee and who is entitled to receive an eligible rollover distribution from another eligible retirement plan may request to have all or a portion of the eligible rollover distribution paid to the Plan. The Administrator may require such documentation from the distributing plan as it deems necessary to effectuate the rollover in accordance with section 402 of the Code and to confirm that such plan is an eligible retirement plan within the meaning of section 402(c)(8)(B) of the Code.

2. For purposes of paragraph (5)(A)1., an eligible rollover distribution means any distribution of all or any portion of a Participant's benefit under another eligible retirement plan, except that an eligible rollover distribution does not include a) any installment payment for a period of ten (10) years or more, b) any distribution made as a result of an unforeseeable emergency or other distribution which is made upon hardship of the employee, or c) for any other distribution, the portion, if any, of the distribution that is a required minimum distribution under section 401(a)(9) of the Code. In addition, an eligible retirement plan means an individual retirement account described in section 408(a) of the Code, an individual

retirement annuity described in section 408(b) of the Code, a qualified trust described in section 401(a) of the Code, an annuity plan described in section 403(a) or 403(b) of the Code, or an eligible governmental plan described in section 457(b) of the Code, that accepts the eligible rollover distribution.

3. The Plan shall establish and maintain for the Participant a separate account for any eligible rollover distribution paid to the Plan from any eligible retirement plan that is not an eligible governmental plan under section 457(b) of the Code. In addition, the Plan shall establish and maintain for the Participant a separate account for any eligible rollover distribution paid to the Plan from any eligible retirement plan that is an eligible governmental plan under section 457(b) of the Code;

(B) Plan-to-Plan Transfers to the Plan. At the direction of the Employer, the Administrator may permit a class of Participants who are participants in another eligible governmental plan under section 457(b) of the Code to transfer assets to the Plan as provided in this subsection (5)(B). Such a transfer is permitted only if the other plan provides for the direct transfer of each Participant's interest therein to the Plan. The Administrator may require in its sole discretion that the transfer be in cash or other property acceptable to the Administrator. The Administrator may require such documentation from the other plan as it deems necessary to effectuate the transfer in accordance with section 457(e)(10) of the Code and section 1.457-10(b) of the Income Tax Regulations and to confirm that the other plan is an eligible governmental plan as defined in section 1.457-2(f) of the Income Tax Regulations. The amount so transferred shall be credited to the Participant's Account Balance and shall be held, accounted for, administered and otherwise treated in the same manner as an Annual Deferral by the Participant under the Plan, except that the transferred amount shall not be considered an Annual Deferral under the Plan in determining the maximum deferral under section (3);

(C) Plan-to-Plan Transfers from the Plan.

1. At the direction of the Employer, the Administrator may permit a class of Participants and Beneficiaries to elect to have all or any portion of their Account Balance transferred to another eligible governmental plan within the meaning of section 457(b) of the Code and section 1.457-2(f) of the Income Tax Regulations. A transfer is permitted under this paragraph (5)(C)1. for a Participant only if the Participant has had a Severance from Employment with the Employer and is an employee of the entity that maintains the other eligible governmental plan. Further, a transfer is permitted under this paragraph (5)(C)1. only if the other eligible governmental plan provides for the acceptance of plan-to-plan transfers with respect to the Participants and Beneficiaries and for each Participant and Beneficiary to have an amount deferred under the other plan immediately after the transfer at least equal to the amount transferred.

2. Upon the transfer of assets under this subsection (5)(C), the Plan's liability to pay benefits to the Participant or Beneficiary under this Plan shall be discharged to the extent of the amount so transferred for the Participant or Beneficiary. The Administrator may require such documentation from the receiving plan as it deems appropriate or necessary to comply with this subsection (5)(C)1. (for example, to confirm that the receiving plan is an eligible governmental plan under paragraph (5)(C)1., and to assure that the transfer is permitted under the receiving plan) or to effectuate the transfer pursuant to section 1.457-10(b) of the Income Tax Regulations.

(6) The Trust Funds shall be in accordance with the following:

(A) Trust Fund. All amounts of Annual Deferrals, all property and rights purchased with such amounts, and all income attributable to such amounts, property, or rights shall be held and invested in the Trust Fund in accordance with this Plan and the Trust Agreement. The Trust Fund, and any subtrust established under the Plan, shall be established pursuant to a written agreement that constitutes a valid trust under the law of the state of Missouri. The Trustee shall ensure that all investments, amounts, property, and rights held under the

Trust Fund are held for the exclusive benefit of Participants and their Beneficiaries. The Trust Fund shall be held in trust pursuant to the Trust Agreement for the exclusive benefit of Participants and their Beneficiaries and defraying reasonable expenses of the Plan and of the Trust Fund. It shall be impossible, prior to the satisfaction of all liabilities with respect to Participants and their Beneficiaries, for any part of the assets and income of the Trust Fund to be used for, or diverted to, purposes other than for the exclusive benefit of Participants and their Beneficiaries.

(7) This 16 CSR 50-20.120 shall supersede the provisions of the Plan to the extent those provisions are inconsistent with the provisions of this 16 CSR 50-20.120.

**Title 2—DEPARTMENT OF AGRICULTURE
Division 30—Animal Health
Chapter 2—Health Requirements for
Movement of Livestock, Poultry and Exotic Animals**

ORDER OF RULEMAKING

By the authority vested in the director of the Department of Agriculture under section 267.645, RSMo 2000, the director amends a rule as follows:

2 CSR 30-2.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 15, 2005 (30 MoReg 1529-1532). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received from the public but with the passing of Senate Bill 355 including llamas, alpacas and buffalo to the definition of livestock, llamas and alpacas are being removed from Miscellaneous and Exotic Animals and placed in section (12) Llamas and Alpacas. Due to the increased interest and concern of our captive cervid industry, cervids have been removed from Miscellaneous and Exotic Animals and placed in section (11) Captive Cervids. With the addition of new sections (11) and (12) each section thereafter has been renumbered which created a new section (15) Miscellaneous and Exotic Animals. Further administrative review of section (4) was the correction of "dams" to "dam" and in sections (13) and (14) the words "certificate of veterinary inspection" were capitalized.

2 CSR 30-2.010 Health Requirements Governing the Admission of Livestock, Poultry and Exotic Animals Entering Missouri

(4) Cattle and Bison.

(A) Baby Calves—

1. Interstate movement of calves under two (2) months of age to a Missouri livestock market is prohibited unless calves are accompanied by their dam; and

2. Calves under two (2) months of age not accompanied by their dam may be imported by resident buyers only, directly to a Missouri farm, and must meet the following requirements:

A. Entry permits must be obtained on all shipments of calves under two (2) months of age. All calves under two (2) months of age will be quarantined to the receiving farm for sixty (60) days; and

B. All calves under two (2) months of age must be individually identified by official eartag on the Certificate of Veterinary Inspection.

(11) Captive Cervids.

(A) Captive cervids, prior to entering Missouri, must have an entry permit issued by the state veterinarian's office and a Certificate of Veterinary Inspection. Captive cervids that enter Missouri must be in compliance with the guidelines as incorporated by reference to the *Bovine Tuberculosis Eradication Uniform Methods and Rules, Effective January 22, 1999* and *Brucellosis in Cervidae; Uniform Methods and Rules, Effective September 30, 2003*, published by USDA, Veterinary Services, Animal Health Program, 4700 River Road, Unit 36, Riverdale, MD 20737-1231; telephone 301-734-6954; e-mail www.aphis.gov/lpa/pubs/umr.html. This rule does not incorporate any subsequent amendments or additions.

(B) Brucellosis Requirements.

1. All sexually intact animals six (6) months of age or older, not under quarantine and not affected with brucellosis, must test negative for brucellosis within thirty (30) days prior to movement except:

A. Brucellosis-free herd—captive cervids originating from certified brucellosis-free herds may enter on herd status without additional testing provided the certified herd number and current test date is shown on the Certificate of Veterinary Inspection;

B. Brucellosis-monitored herd—all sexually intact animals six (6) months of age or older must test negative for brucellosis within ninety (90) days prior to interstate movement.

(C) Tuberculosis Requirements.

1. Captive cervids not known to be affected with or exposed to tuberculosis and not in a status herd, as defined in the *Bovine Tuberculosis Eradication Uniform Methods and Rules, Effective January 22, 1999*, must have two (2) negative tuberculosis tests, not less than ninety (90) days apart, using the single cervical method. The second test must be within ninety (90) days prior to movement. Both negative test dates must be listed on the Certificate of Veterinary Inspection. Animals must have been isolated from other captive cervids, during the testing period.

2. Movement from status herds.

A. Accredited herd—captive cervids originating from an accredited tuberculosis-free cervid herd as defined by the *Bovine Tuberculosis Eradication Uniform Methods and Rules, Effective January 22, 1999*, may enter on herd status without additional testing provided the accredited herd number and current test date is shown on the Certificate of Veterinary Inspection.

B. Qualified herd—captive cervids originating from a qualified herd as defined by the *Bovine Tuberculosis Eradication Uniform Methods and Rules, Effective January 22, 1999*, must have one (1) negative tuberculosis test, using the single cervical method, within ninety (90) days prior to the date of movement.

C. Monitored herd—captive cervids originating from a monitored herd as defined by the *Bovine Tuberculosis Eradication Uniform Methods and Rules, Effective January 22, 1999*, must have

one (1) negative tuberculosis test, using the single cervical method, within ninety (90) days prior to the date of movement.

D. Captive cervids less than twelve (12) months of age that originate from and were born in qualified or monitored herds may be moved without further tuberculosis testing, provided that they are accompanied by a Certificate of Veterinary Inspection stating that such captive cervids originated from such herds and have not been exposed to captive cervids from a lower status herd.

(D) Chronic Wasting Disease (CWD).

1. Captive cervids will not be allowed to enter the state if within the last five (5) years the animal:

- A. Is from an area that has been reported as a chronic wasting disease (CWD) endemic area;
- B. Has been in a CWD endemic area; or
- C. Originates from a CWD positive captive herd.

2. Until 2008, elk, elk-hybrids, red deer, sika deer, white-tailed deer, and mule deer entering Missouri from any state must have participated in a surveillance program since 2002. Beginning in 2008, surveillance will be required for five (5) consecutive years before the above-mentioned animals will be allowed to enter Missouri from any state.

3. Other captive cervids other than elk, elk-hybrids, red deer, sika deer, white-tailed deer and mule deer must have participated in a surveillance program recognized by the state of origin prior to entering Missouri.

4. All captive white-tailed deer that enter Missouri with two (2) years of CWD monitoring in an approved surveillance program and remained in Missouri at the time of death, must be tested for CWD.

(12) Llamas and Alpacas.

(A) Llamas and alpacas must be identified by tattoo, microchip, eartag or other approved device and be listed individually on a Certificate of Veterinary Inspection.

(B) No test is required.

(13) Psittacine birds, except budgerigar, must have a Certificate of Veterinary Inspection to enter Missouri.

(14) Ratites (Including but not limited to ostrich and emu). A Certificate of Veterinary Inspection is required on all ratites entering Missouri, except farm of origin ratites consigned to an approved slaughter establishment. Ratites must be individually identified by a means approved by the Missouri state veterinarian on the Certificate of Veterinary Inspection.

(15) Miscellaneous and Exotic Animals. All exotic animals must be accompanied by an official Certificate of Veterinary Inspection showing an individual listing of the common name(s) of the animal(s) and appropriate descriptions of animal(s) such as sex, age, weight, coloration and the permanent identification.

(A) Exotic bovids eight (8) months of age and over must have a negative brucellosis test and a negative tuberculosis test within thirty (30) days prior to shipment. Exotic bovids include *Bos gaurus* (Indian bison, Gaur), *Bos javanicus* (Banteng), *Bos sauveti* (Kouprey), *Bos grunniens* (domesticated yak), *Bubalus bubalis* (water buffalo), *Bubalus mindorensis* (Tamarau), *Bubalus quarlesi* (Mountain Anoa), *Bubalus depressicornis* (Lowland Anoa) and *Synclerus caffer* (buffalo group).

(B) Camels and others of that group must be identified by tattoo, microchip, eartag or other approved device and be listed individually on a Certificate of Veterinary Inspection.

(C) Exotic equine, donkeys, asses, burros and zebras must meet domestic equine requirements.

(D) Exotic goats, sheep and antelope, no tests are required on these animals.

(E) Feral swine, javalina, and peccaries must be in compliance with domestic swine requirements.

(F) Elephants (Asiatic, African) must test negative for tuberculosis within one (1) year prior to entry.

(G) Importation of skunks and raccoons into Missouri is prohibited by the *Missouri Wildlife Code*, 3 CSR 10-9.

(H) Animals moving between publicly-owned American Zoos and Aquariums (AZA)-accredited zoos are exempt from section (11) except cervids moving between publicly-owned AZA-accredited zoos must meet the chronic wasting disease monitoring requirements as outlined in subsection (11)(D).

ORDER OF RULEMAKING

By the authority vested in the State Board of Education under section 161.092, RSMo Supp. 2004, the board adopts a rule as follows:

5 CSR 50-345.300 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 1, 2005 (30 MoReg 1620-1621). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Elementary and Secondary Education (DESE) received the following comments regarding the proposed rule.

COMMENT: Three hundred eighty-one (381) comments and petitions with a total of three hundred twenty-nine (329) signatures were received in favor of the new one-half unit of Personal Finance as stated in section (1). Seven (7) of those comments were in favor of the Personal Finance requirement and the recommendation that the course be taught by Business Education teachers. Twenty (20) of the comments advocated the Personal Finance requirement that the course be taught by Family and Consumer Science teachers.

RESPONSE: The rule as proposed gives school districts flexibility to assign the Personal Finance course to the staff member that is most qualified to teach the content. The board carefully considered the comment and decided to make no changes to the text of the proposed rule.

COMMENT: Ten (10) comments were received in support of allowing school districts to embed the Personal Finance competencies into other subject areas. Additionally, two (2) comments were received in favor of allowing districts flexibility in granting credits through some sort of a competency test, thus allowing students to "test out" of coursework where they have already mastered the competencies.

RESPONSE AND EXPLANATION OF CHANGE: In section (1), an asterisk will be added by the Personal Finance requirement to more clearly define the credit requirement. The change in section (3) allows local school districts to award credit to students based on demonstrated mastery of desired course competencies in addition to awarding credit for successfully completing the required minutes of instruction for a unit of credit.

COMMENT: Two (2) comments were received regarding the content of the curriculum for the Personal Finance class in section (1).

RESPONSE: A state model curriculum will be developed for schools to use. At the minimum, statewide competencies will be created that will allow school districts to create their own Personal Finance curriculum. The board carefully considered the comment and decided to make no changes to the text of the proposed rule.

COMMENT: One (1) comment was received in opposition to requiring a Personal Finance requirement for graduation in section (1).

RESPONSE: The Personal Finance requirement appears to be an appropriate response to the levels of consumer debt and the duty of public schools of Missouri to prepare students for adult life, including the ability to manage their finances. The board carefully considered the comment and decided to make no changes to the text of the proposed rule.

COMMENT: One hundred seventy-one (171) comments were received in support of the maintenance of separate graduation requirements for Practical Arts and Fine Arts in section (1). Five (5) comments were received that recommended restoring the High School Task Force's recommendation of combining the Fine Arts and Practical Arts graduation requirements.

RESPONSE: During regional meetings earlier in the year and as evidenced by the number of comments received regarding keeping those requirements different, it is evident that Missouri high school students need exposure and skills in both Fine Arts and Practical Arts. The board carefully considered the comment and decided to make no changes to the text of the proposed rule.

COMMENT: One (1) comment recommended the elimination of a health requirement in section (1) for graduation because of the difficulty in finding properly certificated teachers.

RESPONSE: Most school districts in the state already have a half unit of health required for graduation. The importance of Missouri students being aware of their own health issues outweighs the difficulty some districts may have in finding appropriately certificated personnel. The board carefully considered the comment and decided to make no changes to the text of the proposed rule.

COMMENT: Four (4) comments were received that suggested increasing the graduation requirements in Physical Education in section (1).

RESPONSE: Increasing the number of Physical Education credits required for graduation would decrease student electives. The High School Task Force did not make a recommendation to increase Physical Education requirements. The board carefully considered the comment and decided to make no changes to the text of the proposed rule.

COMMENT: Fifty-four (54) comments were received in opposition to the increased core area graduation requirements. Most of the concerns centered around the detrimental effect that increasing the core requirements will have on elective programs and on career education programs.

RESPONSE: The proposed increase in the core graduation requirements specifically links the increased requirements to the Grade-Level Expectations and subject area competencies. School districts may infuse those core area requirements into career education or other classes and award core area credit for those classes. As for the other elective subjects, even with the increased core area requirements, there are still seven (7) units of elective credit for students. If high school is designed to create well-rounded students, it seems that should be sufficient to allow students to pursue a particular area of interest and still have well-rounded skills. The board carefully considered the comment and decided to make no changes to the text of the proposed rule.

COMMENT: Three (3) comments were received concerning the likelihood that school districts would see an increased dropout rate as the new graduation requirements are implemented.

RESPONSE: It is possible that the increased graduation requirements could result in a temporary increase in the dropout rate. School districts must be willing to create appropriate supports and extended learning time activities to ensure that all high school students are making good progress towards graduation. It is important for school districts to ensure that all high school courses are rigorous and relevant. The board carefully considered the comment and decided to make no changes to the text of the proposed rule.

COMMENT: Two (2) comments were received about the cost of implementing the new requirements.

RESPONSE: Review by the department has determined that in most cases, existing district graduation standards meet or exceed the minimum standards currently under consideration by the State Board of Education. In addition, the timeline for these standards provide flexibility to allow school districts to refocus existing school resources to meet these standards.

COMMENT: One (1) comment was received regarding the impact of the new graduation requirements on gifted and talented students and their ability to graduate early from high school.

RESPONSE: School districts have the option to create competency exams for some courses, so the ability of any student to graduate early should not be impacted. In addition, students can choose to fulfill additional graduation requirements through alternative means such as correspondence and online coursework. The board carefully considered the comment and decided to make no changes to the text of the proposed rule.

COMMENT: One (1) comment was received stating that increasing graduation requirements does not ensure student readiness for post-high school success and advocated the need for a high stakes exit exam for students.

RESPONSE: DESE recognizes that merely increasing graduation requirements will not necessarily result in better prepared students. That is the reason that those increased requirements are linked to student competencies, rather than course names. DESE will be having ongoing discussion regarding the issue of high school exit exams. We will continue to study and discuss this issue with educators and citizens in the state. The board carefully considered the comment and decided to make no changes to the text of the proposed rule.

5 CSR 50-345.300 Graduation Requirements for Students in Public High Schools

(1) High School Graduation Requirements. Effective for the graduating class of 2010 and thereafter, the state minimum high school graduation requirements comprise twenty-four (24) units of credit that must be earned between grades nine (9) and twelve (12). The requirements are stated in terms of the number of units of credit that must be earned in each subject area:

Subject Area	Units of Credit
Communication Arts	4.0
Social Studies	3.0
Mathematics	3.0
Science	3.0
Fine Arts	1.0
Practical Arts	1.0
Physical Education	1.0
Health Education	.5
Personal Finance	.5*
Electives	7.0
Total Credits	24.0

* The .5 unit of credit of Personal Finance may be earned in social studies, practical arts or as an elective. If earned in social studies or practical arts, the required units of credit in that area are reduced by .5 (i.e. social studies from 3.0 to 2.5) and the elective total is increased to 7.5.

(3) Course Requirements. In order to earn one standard unit of high school credit, a student must earn a passing grade in that course. A standard unit of credit is defined by a course that meets for seven thousand eight hundred thirty (7,830) minutes during a school year. Half- and quarter-units of credit may be earned for courses meeting proportionately fewer minutes. However, if a student demonstrates mastery of the required competencies of a course, the district may grant credit through an alternative method with prior approval by DESE. Alternative time schedules may be approved if requested by the district.

A notice of proposed rulemaking was not published because state program plans required under federal education acts or regulations are specifically exempt under section 536.021, RSMo. Public hearings were held on September 6, 2005, in St. Louis and Kansas City; September 7, 2005, in Springfield; and September 9, 2005, in Jefferson City.

This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*. SUMMARY OF COMMENTS: The board received a comment on behalf of the Joint Committee on Administrative Rules (JCAR) raising a question relating to the effective date of the *Compendium of Missouri Certification Requirements* (compendium). JCAR suggested that the compendium should reflect, as its effective date, the date of adoption by the State Board of Education.

RESPONSE AND EXPLANATION OF CHANGE: The board has carefully reviewed the comment and will make the suggested change in the text of the proposed amendment.

5 CSR 80-800.380 Required Assessments for Professional Education Certification in Missouri

(1) Each applicant seeking a Missouri certificate of license to teach will successfully complete an exit assessment to measure the applicant's competency in subject matter, pedagogical knowledge, or both, prior to being granted the certificate. An exemption exists if the applicant holds a valid certificate of license to teach from another state.

(A) The State Board of Education (board) has selected the Praxis II: Content Knowledge or Specialty Area assessments and the

Principles of Learning and Teaching assessments developed by the Educational Testing Service (ETS) as the exit assessments for certificates of license to teach. Qualifying scores are established by the board and published by ETS for each assessment designated for an area of certification.

1. Applicants seeking initial certificates of license to teach must complete and achieve a Missouri qualifying score in the content knowledge or specialty area assessment in their major area of preparation or the appropriate principles of learning and teaching assessment if no content knowledge or specialty area assessment is designated, except in the areas of special education, student services, and administration (see Appendix A, which is included herein).

2. Applicants holding a valid Missouri professional or life certificate of license to teach in a content area who are seeking an additional certificate(s) of license to teach in another content area(s), will receive the additional certificate(s) upon meeting either of the following conditions:

A. Complete and achieve a Missouri qualifying score for the Praxis II content knowledge or specialty area assessment designated for the certificate of license to teach, except for the areas of unified science, special education other than mild/moderate cross-categorical disabilities, student services, administration, career education, and adult education and literacy; or

B. Successfully complete the applicable certification requirements as set forth in the *Compendium of Missouri Certification Requirements* (compendium), which is incorporated by reference and made a part of this rule. Anyone interested in viewing or requesting a copy of the compendium, published by the Department of Elementary and Secondary Education (revised October 2005), may contact the Educator Certification Section, 205 Jefferson Street, PO Box 480, Jefferson City, MO 65102-0480. This rule does not incorporate any subsequent amendments or additions.

3. Applicants holding a valid Missouri professional or life certificate of license to teach in a secondary content area who are seeking additional certification for middle school in the same content area, will receive the additional certification upon meeting either of the following conditions:

A. Complete and achieve a Missouri qualifying score for the Praxis II: Principles of Learning and Teaching, grades five through nine (5-9), assessment; or

B. Successfully complete the applicable certification requirements for middle school education, grades five through nine (5-9), as set forth in the compendium.

SUMMARY OF COMMENTS: Four (4) comments were received suggesting that the Division of Medical Services allow diagnosis codes on the dental claim to document the medical diagnosis in lieu of requiring prior authorization or physician orders for adult dental services when related to trauma or treatment of a medical condition without which the health of the individual would be adversely affected.

COMMENT: All four (4) comments from Missouri dentists suggested that the Division of Medical Services allow diagnosis codes on the dental claim to document the medical diagnosis in lieu of requiring prior authorization or physician orders for adult dental services when related to trauma or treatment of a medical condition without which the health of the individual would be adversely affected.

RESPONSE AND EXPLANATION OF CHANGE: Section (3) Recipient Eligibility has been changed. The rule will only require prior authorization for dental care related to trauma of the mouth, jaw, teeth, or other contiguous sites as a result of injury or for treatment of a disease/medical condition without which the health of the individual would be adversely affected if that care is not listed at section (19) subsection (3) of the *Medicaid Dental Provider Manual*.

13 CSR 70-35.010 Dental Benefits and Limitations, Medicaid Program

(3) **Recipient Eligibility.** The Medicaid dental provider shall ascertain the patient’s Medicaid status before any service is performed. The recipient’s Medicaid/MC+ eligibility is determined by the Family Support Division. The recipient’s eligibility shall be verified from a current Medicaid/MC+ identification card or a letter of new approval in the recipient’s possession. The patient must be a Medicaid eligible recipient under the Missouri Medicaid/MC+ program on the date the service is performed. The Division of Medical Services is not allowed to pay for any service to a patient who is not eligible under the Missouri Medicaid/MC+ program.

(A) Medicaid reimbursement of dental services shall be limited to Medicaid eligible needy children or persons receiving Medicaid under a category of assistance for pregnant women or the blind.

(B) Medicaid recipients living in a nursing facility will not experience dental service reductions. Nursing facility level of care must be indicated on the Medicaid eligibility file. When providing dental services to a recipient who is living in a nursing facility providers should continue to submit claims to Missouri Medicaid. Medicaid eligible nursing facility residents will have payments for dental care adjudicated through the Medicaid claims payment system.

(C) For all other eligibility categories of Medicaid assistance dental services will only be reimbursed if the dental care is related to trauma of the mouth, jaw, teeth, or other contiguous sites as a result

of injury or for treatment of a disease/medical condition without which the health of the individual would be adversely affected.

1. Reimbursement for dental care shall be limited to those procedure codes listed at section (19) subsection (3) of the *Medicaid Dental Provider Manual* which may be referenced at www.dss.mo.gov/dms; or

2. Prior authorization by the Division of Medical Services is required for dental care related to trauma of the mouth, jaw, teeth, or other contiguous sites as a result of injury or for treatment of a disease/medical condition without which the health of the individual would be adversely affected if that care is not listed at section (19) subsection (3) of the *Medicaid Dental Provider Manual*.

Title 20—DEPARTMENT OF INSURANCE
IN ADDITION

Pursuant to section 537.610, RSMo regarding the Sovereign Immunity Limits for Missouri Public Entities, the Director of Insurance is required to calculate the new limitations on awards for liability.

Using the Implicit Price Deflator (IPD) for Personal Consumption Expenditures (PCE), as required by section 537.610, RSMo the two new Sovereign Immunity Limits effective January 1, 2006 were established by the following calculations:

Index Based on 2000 Dollars	
Third Quarter 2005 IPD Index	111.83
Third Quarter 2004 IPD Index	108.47

$$\text{New 2006 Limit} = 2005 \text{ Limit} \times (2005 \text{ Index}/2004 \text{ Index})$$

For all claims arising out of a single accident or occurrence:
 $2,303,326 = 2,234,121 \times (1.1183/1.0847)$

For any one person in a single accident or occurrence:
 $345,499 = 335,118 \times (1.1183/1.0847)$

This cumulative table gives you the latest status of rules. It contains citations of rulemakings adopted or proposed after deadline for the monthly Update Service to the *Code of State Regulations*, citations are to volume and page number in the *Missouri Register*, except for material in this issue. The first number in the table cite refers to the volume number or the publication year—27 (2002), 28 (2003), 29 (2004) and 30 (2005). MoReg refers to *Missouri Register* and the numbers refer to a specific *Register* page, R indicates a rescission, W indicates a withdrawal, S indicates a statement of actual cost, T indicates an order terminating a rule, N.A. indicates not applicable, RUC indicates a rule under consideration, and F indicates future effective date.
